Contributing Authors

This is the list of authors who have contributed directly to the articles on this site.

To inquire about authoring content for BSI, email bsiauthor-request@cert.org[1].

Name	Version Creation Time	Abstract
Allen, Julia H.	04/04/06 15:20:14	Julia H. Allen is a senior member of the technical staff within the Networked Systems Survivability Program at the Software Engineering Institute (SEI), a unit of Carnegie Mellon University in Pittsburgh, PA. The CERT® Coordination Center is also a part of this program.
Arora, Ashish	18/03/06 09:59:01	Carnegie Mellon University
Barnum, Sean	18/03/06 09:34:27	Sean Barnum is the director of knowledge management and a managing consultant at Cigital with more than 18 years of experience in software development, technology management, and professional services.
Davis, Noopur	18/03/06 09:36:47	Noopur Davis is a Visiting Scientist at the Software Engineering Institute of Carnegie Mellon University, where she works with Watts Humphrey on his Team Software Process initiative.
Dekkers, Carol	18/03/06 09:31:31	Ms. Dekkers is President of Quality Plus Technologies, Inc., a progressive management consulting firm specializing in working with companies that want to improve their software and systems success.
Ellison, Robert J.	18/03/06 09:32:27	As a member of the Survivable Systems Engineering Team at the Software Engineering Institute, Ellison has served in a number of technical and management roles.

---

1. mailto:bsiauthor-request@cert.org

		He was a project leader for the evaluation of software engineering development environments and associated software development tools. He was also a member of the Carnegie Mellon University team that wrote the proposal for the SEI; he joined the new FFRDC in 1985 as a founding member.
Fithen, William L.	18/03/06 09:54:23	Bill is a Senior Member of the Technical Staff at the CERT® Coordination Center—a unit of the Software Engineering Institute—specializing in analysis and modeling of software vulnerability.
Frank, Steven	18/03/06 09:59:27	Carnegie Mellon University
Gegick, Michael	18/03/06 09:56:45	Michael is a PhD student at North Carolina State University.
Janardhanudu, Girish	18/03/06 09:57:28	Girish Janardhanudu is a Senior Consultant at Cigital, Inc.
Killcrece, Georgia	18/03/06 09:58:12	Since 1986, Killcrece has served in a number of administrative and technical roles at the Software Engineering Institute. As a member of the CERT® Coordination Center since 1989, Killcrece currently leads the CERT CSIRT Development Team.
Lavenhar, Steven	31/03/06 09:37:10	Cigital, Inc.
Lipson, Howard F.	18/03/06 10:00:19	Howard F. Lipson is a senior member of the technical staff in the CERT Program in the Software Engineering Institute at Carnegie Mellon University. Lipson has been a computer security researcher at CERT for more than thirteen years.
McCurley, James	18/03/06 10:00:59	Jim McCurley is a Senior Member of the Technical Staff for the Software Engineering Measurement and Analysis

		(SEMA) group within the Software Engineering Institute (SEI).
McGraw, Gary	04/04/06 15:19:04	Gary McGraw, Cigital, Inc.'s CTO, researches software security and sets technical vision in the area of Software Quality Management. Dr. McGraw is co-author of five best-selling books: Exploiting Software (Addison-Wesley, 2004), Building Secure Software (Addison-Wesley, 2001), Software Fault Injection (Wiley 1998), Securing Java (Wiley, 1999), and Java Security (Wiley, 1996).
Mead, Nancy	15/06/06 09:59:56	Nancy R. Mead is a senior member of the technical staff in the NSS Program at the SEI. Mead is also a faculty member in the Master of Software Engineering and Master of Information Systems Management programs at Carnegie Mellon University. She is currently involved in the study of secure systems engineering and the development of professional infrastructure for software engineers. During fiscal year 2005 she served as team lead for the initial BSI Web Site development and launch. In fiscal year 2006 she continues on the BSI project as technical lead. She also served as director of education for the SEI from 1991 to 1994.
Michael, C. C.	04/04/06 15:25:59	Dr. Michael holds a technical staff position at Cigital as a Senior Research Scientist. Dr. Michael's areas of research include automated software analysis and intrusion prevention. Dr. Michael has led numerous government-funded research projects in software mutation analysis, information system intrusion detection,

		malicious code detection, and failure prediction.
Peterson, Gunnar	18/03/06 10:03:54	Peterson has served organizations as a Software Security Architect for distributed systems including databases, middleware, messaging, application layer, embedded systems, and commercial packages. Peterson has provided consulting services on software security design, process, and training to some of the largest financial, manufacturing, and healthcare organizations and systems.
Plakosh, Daniel	18/03/06 10:05:37	Daniel Plakosh is a senior member of the technical staff in the Networked Systems Survivability Program at the Software Engineering Institute (SEI). The CERT® Coordination Center is a part of this program.
Radosevich, Will	18/03/06 10:06:23	Cigital, Inc.
Seacord, Robert C.	04/04/06 15:19:38	Robert C. Seacord is a senior vulnerability analyst at the CERT Coordination Center (CERT/CC) at the Software Engineering Institute (SEI) in Pittsburgh, PA, and author of Secure Coding in C and C++ (Addison-Wesley, 2005). An eclectic technologist, Robert is coauthor of two previous books, Building Systems from Commercial Components (Addison-Wesley, 2002) and Modernizing Legacy Systems (Addison-Wesley, 2003), as well as more than 40 papers on software security, component-based software engineering, web-based system design, legacy-system modernization, component repositories and search engines, and user interface design and development.
Telang, Rahul	18/03/06 10:07:19	Carnegie Mellon University

van Wyk, Ken	04/04/06 15:19:51	Kenneth R. van Wyk is an internationally recognized information security expert and author of the O'Reilly and Associates books Incident Response and Secure Coding. In addition to providing consulting and training services through his company, KRvW Associates, LLC, (http://www.KRvW.com), he currently holds numerous positions: the Director of Cigital's (http://www.cigital.com) Research Labs, monthly columnist for online security portal eSecurityPlanet (http://www.eSecurityPlanet.com), and Visiting Scientist at Carnegie Mellon University's Software Engineering Institute (http://www.sei.cmu.edu).
Zubrow, Dave	18/03/06 10:07:59	Dave Zubrow is Team Leader for the Software Engineering Measurement and Analysis (SEMA) group within the Software Engineering Institute (SEI).
